All Possible Aberrations

From a lecture by
L. Ron Hubbard

The Main Dynamic "Survival"

Anything that aberrates the individual's urge toward survival will aberrate his self-determinism. This is the basic form of aberration. But how many manifestations does the basic aberration have? To answer this it is necessary to examine the component parts of theta: *affinity*, *communication* and *reality*. Theta must remain in affinity with, communicate with and have agreement with other theta in its vicinity. All three together make for understanding. Computation, understanding, thought and education all depend on affinity, reality and communication.
