## TODAY'S TERRORISM

While western countries are spending billions fighting terrorist activities abroad they are neglecting the one they have at home.

The psychiatrist and his front groups operate straight out of the terrorist textbooks. The Mafia looks like a convention of Sunday school teachers compared to these terrorist groups.

Setting himself up as a terror symbol, the psychiatrist kidnaps, tortures and murders without any slightest police interference or action by western security forces.

Instead these forces attack churches and peaceful, decent social groups under the direct orders of these terrorists.

The men who directed the attacks on Scientology in the press and parliaments were also directors of the main psychiatric front group.

A Scientology preclear has an aunt who says she doesn't like Scientology. Instant parliamentary investigation! Laws banning Scientology! Police raids with drawn guns.

A psychiatrist kills a young girl for sexual kicks, murders a dozen patients with an ice pick, castrates a hundred men. And they give him another million appropriation.

One can only conclude that psychiatric terrorism is not limited to the families of mental patients. It must extend all the way to the top.

Very few people can be brought to testify against psychiatry. Yet 4 out of 5 contacted in a recent US survey had family or friends who had been ruined by psychiatry! They said, in general, “if I spoke up or complained, they’d take it out on my (son, friend, relative).”

Thousands and thousands are seized without process of law every week over the “free” world, tortured, castrated, killed. All in the name of “mental health”.

Terrorists never operated more effectively in any land with less interference and less outcry.

The evil is so great the public won't confront it. 1984 here we come!
