HCO PL 26 Mar. 79 III	OUT-TECH AND "ILLEGAL" PCs

It shall be a Committee of Evidence offense for a Case Supervisor or auditor to C/S or accept for processing and process any pc:

1. Who is terminally (fatally) ill, regardless of what the org Registrars may have promised or asserted. Such diseases as advanced cancer are included.
2. Who has an extensive institutional or psychiatric history which includes heavy drugs, shocks of various kinds and/or so-called psychiatric brain operations.

By "institutional history" is meant having been knowingly or unknowingly given treatment as described in (2) above in a public or private institution for the insane, a psychiatric ward in a hospital, a psychiatrist's, psychologist's or other mental practitioner's clinic or office or a mental health center.

3. Who have been denied processing by HCO, the Office of Special Affairs or the Office of Senior C/S International for reason of past history or connections or current state as it may affect the safety and security of the org.

This third category would include people who are members or ex-members, or in families of members or ex-members of media, police spy organizations and government spy organizations such as the National Security Agency (NSA), Central Intelligence Agency (CIA), Internal Revenue Service (IRS), Department of Justice (DOJ), Federal Bureau of Investigation (FBI), or any other federal agency

in any country. It definitely includes anyone who has ever gone to or threatened to go to the press or who has tried to sue Scientology.

Doctors are too often careless and incompetent, psychiatrists are simply outright murderers. The solution is not to pick up their pieces for them but to demand medical doctors become competent and to abolish psychiatry and psychiatrists as well as psychologists and other infamous Nazi criminal outgrowths. Society and police agencies should deal with such offenses. It is not up to Scientologists to salvage the wreckage created by these professions but to prevent it from happening in the first place by reforming a degraded society.

Until such time as doctors have become fully competent and psychiatry and psychology have been recognized for what they are and abolished, Case Supervisors and auditors are actionable for surrendering their rights and handling such. It is not that they cannot. They must not.
