**THE SPECIAL ZONE PLAN**

**The Scientologist's Role in Life**

We are masters of IQ and ability. We have know-how. Any of us could select out a zone of life in which we are interested and then, entering it, bring order and victory to it.

The third and fourth dynamics subdivide. Any third breaks down into many activities and professions, a neighborhood, a business concern, a military group, a city government, etc., etc., etc. The fourth dynamic breaks down just now mainly to races and nations.

Now, just suppose a Scientologist were to consider himself a professional only for the purposes of treating and repairing or even starting again these third and fourth zones?

See this: A housewife, already successfully employing Scientology in her own home, trained to professional level, takes over a woman's club as secretary or some key position. She straightens up the club affairs by applying comm practice and making peace and then, incidental to the club's main function, pushes Scientology into a zone of special interest in the club—children, straightening up marriages, whatever comes to hand and even taking fees for it—meanwhile, of course, going on being a successful and contributing wife.

Or this: A Scientologist, a lesser executive or even a clerk in a company, trains as a professional auditor and, seeing where the company is heading, begins to pick up its loose ends by strengthening its comm lines or its personnel abilities. Without "selling" anybody Scientology, just studies out the bogs and remedies them. If only as "an able person" he would rapidly expand a zone of control, to say nothing of his personal standing in the company. This has been and is being done steadily across the world. Now that we have pre-sessioning, it's easy to straighten up other people. Our unreleased technology on handling third dynamic business situations is staggeringly large. You'd be surprised how easy it is to audit seniors. They and their families have *so* many troubles. Or how easy it is to spot the emergency-maker and audit him.

And see this: A race is staggering along making difficulties for itself. Locate its leaders. Get a paid post as a secretary or officer of the staff of the leaders of that race. And by any means, audit them into ability and handle their affairs to bring cooperation not trouble. Every race that is in turmoil in a nation has quasi-social groups around its leaders.

And this: A nation or a state runs on the ability of its department heads, its governors or any other leaders. It is easy to get posts in such areas unless one has delusions of grandeur or fear of it. Don't bother to get elected. Get a job on the secretarial staff or the bodyguard, use any talent one has to get a place close in, go to work on the environment and make it function better. Occasionally one might lose, but in the large majority, doing a good job and making the environment function will result in promotion, better contacts, a widening zone.

The cue in all this is don't seek the cooperation of groups. Don't ask for permission. Just enter them and start functioning to make the group win through effectiveness and sanity.

If we were revolutionaries, this HCO Bulletin would be a *very* dangerous document. We are not revolutionaries any more than we are doctors of sickness in individual patients. But we are not revolutionaries, we are humanitarians. We are not political. And we can be the most important force for good that the world has ever known. Who objects to a company functioning better to produce a better civilization? Who objects to a race becoming sane and a stable asset to its communities? Who objects to a neighborhood smoothing out?

Only the very criminal would object and they are relatively ineffectual *when* you can know and spot them. And there are no criminals except the mentally disabled.
