ETHICS, THE DESIGN OF

There are people who suppress. They are few. They often rise up to being in charge and then all things decay. They are essentially psychopathic personalities. Such want position in order to kill. Such as Genghis Khan, Hitler, psychiatrists, psychopathic criminals, want power only to destroy. Covertly or overtly they pay only with death. They arrived where they arrived, in charge of things, because nobody when they were on their way up said "No." They are monuments to the cowards, the reasonable people who didn't put period to them while they were still only small bullies and still vulnerable.

Ethics has to get there before tech can occur. So when it doesn't exist or goes out, then tech doesn't occur and suppression sets in and death follows.

So if someone doesn't hold the line, all become victims of oppression.
