ORGANIZATIONAL ENTURBULENCE

In Dianetics and Scientology our tech is very exact and when correctly applied produces exact, predictable results. So getting our tech known and used by auditors cures any upset or commotion in auditing or a group of auditors.

Going a lot lower, let us consider a group that has no tech or inadequate tech. If it engages in treatment, there will be upset because of lack of adequate tech. This could be said to be the case of psychoanalysis where 33 percent of the patients commit suicide in the first three months according to a 1950 survey of their own.

Then, going into the nether regions, take a group with destructive tech such as the psychiatrist. He not only has trouble in his own field but can smash a whole society and has done it to several societies already (Germany, Czarist Russia, Poland, etc.).
